Connection speed up to 100Mbps/40Mbps*	Minimum monthly charge	\$130
	Minimum charge for entire term	\$3120

- All prices quoted are inclusive of GST

\*Not currently available on fixed wireless

### Information about the service

#### The Service:

Our **NBN Broadband** service offers post-paid asymmetrical internet interface speeds\* up to 100/40Mbps\*\* via the National Broadband Network where available and an included data allowance. There are no peak or off peak restrictions on your use.

#### Mandatory components:

If your existing connection is nonstandard, NBN Co will discuss any additional charges with you and these charges will appear on your first bill. You will require a router or firewall at your premises for this service to work. We can provide our Home Network Gateway for self-installation at no cost. Additional charges apply for Home Network Gateway installation and replacement. We will deliver your

service to the Network Boundary Point at your premises, which is defined as the physical port or 'UNI' on the NBN Network Termination or port on the Home Network Gateway if selected. The cabling that is required in your premises beyond the Network Boundary Point is your cost and responsibility, as is the provision of a suitable 240V AC power outlet. Please contact us for further information. All bills are delivered by email and Direct Debit from either a bank account or credit card is required.

#### Minimum term:

The service is available with a minimum term of 24 months

#### Important conditions:

Once you take up a phone and broadband service on the NBN you can't move back to services on the existing copper

# Phone – 1300 000 001

[www.iot.com.au](http://www.iot.com.au)

network. You may upgrade your bandwidth or your plan allowance once per month. You cannot downgrade your bandwidth or plan while within contract term. This service may not be available at your location. Please call us to find out if you can be connected to this service at your location. Requests to increase the connection speed will result in a restart of the 24 month term. You may only increase your connection speed once per month. Requests to decrease the connection speed will result in a cancellation of the existing service with an Early Termination Charge.

You must obtain the consent of the property owner to have the NBN installation performed. Standard Installation is included at no charge if the service is to be connected in an existing developed area and we can arrange the required installation appointments for you. If you need a first connection in a newly developed area, NBN Co will levy a charge of \$330 (inc GST) and this will appear on your first bill.

Interface speeds refer to the speed of the technology installed at your premises. They are not necessarily equivalent to the download/upload speeds you will achieve in practice. Actual download and upload speeds will be affected by many external factors which include the number of end-users using the service at the same time, the hardware, the software and software configuration, the connection method within the premises and the type/source of content being downloaded. In the case of NBN connections delivered using FTTN (Fibre to the Node) technology, the distance you are away from the node will affect maximum available speeds.

\*\*In Fixed Wireless coverage areas, only 25Mbps/5Mbps options are available.

## Information about pricing

### Minimum monthly charge:

Please refer to table on previous page for pricing information.

### Maximum monthly charge:

The maximum monthly charge depends on whether you have chosen to consume additional data via our excess charges.

### Billing:

We will bill you in advance for the minimum monthly charge and features and in arrears for data. Your first bill will include charges for part of the month from when you took up your plan until the end of that billing cycle, as well as the minimum monthly charge in advance for the next billing cycle.

### Early termination charges:

If you choose to cancel your service or it is disconnected for any reason within the contract term you will be charged an Early Termination Fee comprised of your total monthly access fee multiplied by the number of months remaining in your contract.

### Unit Pricing Information:

Please refer to table above for unit pricing information.

### Other information

#### Usage information:

You can monitor your usage at [www.iot.com.au](http://www.iot.com.au)

#### Enquiries, feedback and complaints:

We're here to help. Please contact us by calling 1300 000001 or by sending an email to [enquiries@iot.com.au](mailto:enquiries@iot.com.au) if you have any questions, would like to give feedback or complain.

#### Telecommunications Industry Ombudsman (TIO):

We encourage you to always contact us first if you experience any problem or are unhappy. We will do our best to solve your problem during our first contact.

If you wish to contact the TIO, you can do so as follows:

Phone: **1800 062 058**

Fax: **1800 630 614**

Online: <http://www.tio.com.au/making-a-complaint>
